“ My thoughts turned to Pam this week as we often ran into each other while shopping during the holidays. My sympathies for your earthly loss of your mother. She had a great heart and lots of joy in her. We met while working together 34 years ago. Be assured that she is happy in Heaven; and in sharing her faith, it will not be long till we are all reunited.

“ although now words can really help to ease the loss, just know that you are very close in every thought and prayer
May the love of those around you help you through the days ahead.

“ Pam was a great friend to our family while my mother, Peg Jaeger, was a resident at AC Eureka. We realized we graduated from two different high schools in Peoria the same year and knew some of the same people. Pam was there with us when mom was going through her end of life journey, staying with her all night after working all day when we needed her. Always a smile, always the determination to do the right thing with many situations that crossed her path. I stood with her at Michael's grave one afternoon and shared tears with her while she shared precious memories. Bless your heart Pam, wish I would have known you were struggling, I would have been there for you. Your faith was so strong I know your at peace.
